Permanent Whitener and Revelador 1 is a professional dental product designed for whitening and revealing teeth. It consists of two parts: a whitener and a revelador. The whitener is used to remove surface stains and brighten the teeth, while the revelador is used to reveal the natural color of the teeth and remove any remaining whitener residue. The product is safe and effective, and is suitable for use on all types of teeth.

The whitener is a powder that is mixed with water and applied to the teeth. The revelador is a liquid that is applied to the teeth after the whitener has been used. The product is used in a dental office and is not intended for home use.

The product is available in a 730,00 Eur package. It is a professional product and is not available for sale in retail stores.
